

Rest Of My Life
Ludacris

Greetings from beautiful Greece :)

nitro:**G,A,Bm,D**

G **A** **Bm** **D**
If you live for something, you re not alone, my friend
G **A** **Bm** **D**
So fill up your cup and, lift your lighter, and toast to life

Luda!

G **A**
They say what don t kill me, can make me stronger
Bm **D**
So two drinks a night should help me live longer
I blow some smoke just to give my lungs a test
Because why tip-toe through life, to arrive safely at death
I m on a journey, yeah, i m on a roll
Sometimes gotta close my eyes, just to open my soul
And tonight is the night, I gotta feeling that i m about act a fool
So if you go fix some drinks me and usher are about to break some rules
G **A**
That s somewhere to go but the world is moving slow
Bm **D**
I was born for the fast life
I go for broke, a lesson I can t afford
But for what it s worth i m ready to play for the rest of my life
For the rest of my life

[Beat break]

If I got one life to live, i mma party til i m death
What the hell is a life worth living if it s not on the edge
Tryna keep my balance i m twisted so just in case I fall
Written on my tombstone should say women, weed and alcohol

That s somewhere to go but the world is moving slow
I was born for the fast life
I go for broke, a lesson I can t afford
But for what it s worth i m ready to play for the rest of my life
For the rest of my life

[Beat break]

If you live for something, you re not alone, my friend
So fill up your cup and, lift your lighter, and toast to life

I m stuck in this moment, freeze the hands of time
Cause I feel inner peace when i m outta my mind
And you can call me crazy but I like to roll the dice
So i m willing to bet that i mma be crazy for the rest of my life
For the rest of my life
For the rest of my life.....
