Intro/Verse/Chorus:

C G Am F

C G Am F
Manta rays above us, in the open sea, I wonder if you think of me

C G Am
Now we re swimming deeper, nothing s as it seems

F
Creatures sailing silently

C G Am
Or so I ve dreamed, since I met you, I ve been hollowed by your body

F
I ve been hypnotized by all you are, oh

C G Am
All I want is to your name and whisper it in your ear

F C
But I m weightless like I m falling on the moon

G Am F
I m falling slow for you

C G Am
Driving through the darkness, we are glowing green

F
You re holding my hand to your cheek

C G Am
This car is our vessel, our tires leave the ground

F
Up above the night sky, we re going home

C **G** **Am**
Or so I've dreamed, since I met you, what secrets do you hide?

F
You tilt your head, there's a city inside

C **G** **Am**
All I want is to your name and whisper it in your ear

F
With your arms around my neck

C **G**
You've haunted me in colors I've never seen

Am
I feel strange and unprotected

F **C**
But I'm weightless like I'm falling on the moon

G **Am** **F**
I'm falling slow for you

Am **G**
Sailing through the dark to the lunar face

Am **F**
Your pupils shining over time and space

Am **G** **Am**
We are two creatures each wrapped around the other without a sound

G **F**
Safe at home, falling slowly
