Verse 1

G1

I m a killer, cold and wrathful.

G2

Silent sleeper, I ve been inside your bedroom.

Em

I ve murdered half the town,

Gb

Left you love notes on their headstones...

G1

G2

Gb

I ll fill the graveyards until I have you.

G1

Moonlight walking, I smell your softness,

G2

Carnivorous and lusting to track you down among the pines.

Em

I want you stuffed into my mouth,

Gb

G1

G2

Hold you down and tear you open, live inside you - love, I d never hurt you...

Gb

But I ll grind against your bones until our marrows mix,

G1

I will eat you slowly...

Verse 2

G1

I wake in terror, blackbirds screaming.

G2

Dark cathedrals spilling midnight on their altars.

Em

I m your servant, my immortal,

Pale and perfect, such unholy heaving -

Gb

The statues close their eyes, the room is changing,

Break my skin and drain me.

G1

Ancient language, speak through fingers,

G2

Em

the awful edges where you end and I begin.

Gb

Inside your mouth, I cannot see -

G1

There s catastrophe in everything I m touching

G2

As I sweat and crush you...

Gb

And I hold your beating chambers until they beat no more...

G1

You die like angels sing!

Chorus 2

G2

G1

G2

Your body blue and walking along the continental shelf.

Em

You are a dream among the sharks,

Gb

G1

Beautiful and terrifying, lit and restless...

G2

We dance in dark suspension...

And you bury me in the ocean floor beneath you

G1

Where they ll never hear us scream...
