

**Tell me lies**

**Luis Eduardo Aute**

          Bb                  F  
Tell me lies, tell me lies,  
                          Bb      Eb      Bb  
I'll lend you my ears.  
                          F  
Tell me lies, tell me lies,  
                          Eb  
till daybreak appears...  
          F                          Eb  
In the meantime, heat this ice  
          Bb                          Eb  
and swear you won't be sincere.  
          Cm  
If you care for me  
          Eb  
please don't let me see  
          F      F7          F      F7  
the truth in your eyes.  
          Eb      F      Eb  
So try, try, try  
          F  
to treat me nice...  
          Eb                          Bb  
and, woman, tell me lies.

Tell me lies, tell me lies,  
and make me believe  
that our hearts are so wise  
that they can't deceive...  
In the meantime, please disguise  
my fears, now before you leave.  
If you care for me  
please don't let me see  
the truth in your eyes.  
So try, try, try...

Tell me lies, tell me lies,  
cause daybreak is here.  
you're in time, don't think twice,  
why not disappear...  
don't feel guilty, that's the price  
of love when the end is near.  
If you care for me  
please don't let me see  
the truth in your eyes.  
So try, try, try...

No estoy muy cierto acerca del D después  
de I'll lend you my ears ,  
ya que un A4 también me cae bien.  
Tampoco estoy seguro acerca del E7,  
pero a mí me suena mejor así. Saludos,
