Tell me lies
Luis Eduardo Aute

```
         G#                    Eb
Tell me lies, tell me lies,
                    G#      C#     G#
I´ll lend you my ears.
                        Eb
Tell me lies, tell me lies,
                C#
till daybreak appears...
        Eb                    C#
In the meantime, heat this ice
    G#                 C#
and swear you won´t be sincere.
        Bbm
If you care for me
        C#
please don´t let me see
    Eb    Eb7        Eb        Eb7
the truth in your eyes.
    C#     Eb    C#
So try, try, try
           Eb
to treat me nice...
     C#                    G#
and, woman, tell me lies.
```

Tell me lies, tell me lies,
and make me believe
that our hearts are so wise
that they can´t deceive...
In the meantime, please disguise
my fears, now before you leave.
If you care for me
please don´t let me see
the truth in your eyes.
So try, try, try...

Tell me lies, tell me lies,
cause daybreak is here.
you´re in time, don´t think twice,
why not disappear...
don´t feel guilty, that´s the price
of love when the end is near.
If you care for me
please don´t let me see
the truth in your eyes.
So try, try, try...

No estoy muy cierto acerca del D después
de I´ll lend you my ears ,
ya que un A4 también me cae bien.
Tampoco estoy seguro acerca del E7,
pero a mí me suena mejor así. Saludos,
Henri Galvão
