

Happy Home
Lukas Graham

G **D/F#**
Mama called about the paper turns out they wrote about me
Em
Now my broken heart' the only thing that s broke about me
G **D/F#**
So many people should have seen what we got going on
Em
I only wanna put my heart and my life in songs
G **D/F#**
Writing about the pain I felt with my daddy gone
Em
About the emptiness I felt when I sat alone
G **D/F#**
About the happiness i feel when I sing it loud
Em
He should have heard the noise we made with the happy crowd
C **D**
Did my grandaddy know he taught me what a poem was
G/B **Em**
How you can use a sentence or just a simple pause
C **D**
What will I say when my kids ask me who my daddy was
G/B **Em**
I thought about it for a while and I m at a loss
C **D**
Knowing that I'm gonna live my whole life without him
G/B **Em**
I found out a lot of things I never knew about him
C **D**
All I know is that I'll never really be alone
G/B **Em** **C**
Cause we gotta lot of love in my happy home

G **D/F#**
Magazines are writing stuff but I don't ever read them
Em
Some of the folks I used to know would see and start believing
G **D/F#**
That I would pass them by on streets and never reach to greet them
Em
I still remember folks even though I rarely meet them
G **D/F#**
Don't you know I miss the times when we used to hang
Em

Before twenty deep depended on a single man

G **D/F#**

Before a single heart was broken by a single blow

Em

Before all our careers depended on a single show

C **D**

I grew up with a lot of love in a happy home

G/B **Em**

Now I got a lot of cash and I m on a road

C **D**

I realize privacy' becoming difficult

G/B **Em**

It' all right now but what about when I'm old

C **D**

I know my good friends now they'll last

G/B **Em**

the same ones that stood by me when my daddy past

C **D**

All I know is that we'll never really be alone

G/B **Em** **C**

Cause we got a lot of love and a happy home

G **D/F#**

I write a lot of songs will anybody ever read them

Em

You hear them on the radio but will you really read them

G **D/F#**

Why do we have our idols and why do we wanna be them

Em

After we see them on TV we really wanna meet them

G **D/F#**

Don't you think they miss the time when they used to hang

Em

Before a fan base depended on a single man

G **D/F#**

Before a single heart was broken by a single show

Em

Who' gonna stand who' gonna fall I really wanna know

C **D**

I grew up with a lot of love in a happy home

G/B **Em**

My daddy use to play me vinyl but now daddy' gone

C **D**

I used to practice with my mommy on the piano

G/B **Em**

I still get nervous every time I know she' at a show

C **D**

Now my family comes first before everyone

G/B **Em**

I had the perfect dad I wanna be the perfect son

C **D**

Though I really feel sometimes I am on my own

G/B

Em

I know I got a lot of love and a happy home
