

**You're Not There**  
**Lukas Graham**

**Bb** **C**  
I only got you in my stories  
**F**  
And you know I tell them right  
**Dm**  
And remember you and I, when I m awake at night  
**Bb** **C**  
So give it up for fallen glory  
**F**  
I never got to say goodbye  
**Dm**  
I wish I could ask for just a bit more time

[Pre-Chorus]

**Bb** **C**  
Every step I take, you used lead the way  
**F** **Dm**  
Now I m terrified to face it on my own

[Chorus]

**Bb**  
You re not there  
**C**  
To celebrate the man that you made  
**F**  
You re not there  
**Dm**  
To share in my success and mistakes  
**Bb**  
Is it fair?  
**C**  
You ll never know the person I ll be  
**F**  
You re not there  
**Dm**  
With me...

[Verse 2]

**Bb** **C**  
Though I know that you re not there  
**F**  
I still write you all these songs  
**Dm**

It s like, you ve got the right to know what s going on  
**Bb** **C** **F**  
As I struggle to remember how you used to look and sound  
**Dm**  
Sometimes i still think i can spot you in the crowd

[Pre-Chorus]

**Bb** **C**  
Every step I take, you used lead the way  
**F** **Dm**  
Now I m terrified to face it on my own

[Chorus]

**Bb**  
You re not there  
**C**  
To celebrate the man that you made  
**F**  
You re not there  
**Dm**  
To share in my success and mistakes  
**Bb**  
Is it fair?  
**C**  
You ll never know the person I ll be  
**F**  
You re not there  
**Dm**  
With me...

[Break]

**Bb**  
Time can heal your wounds if  
**C**  
You re strong and standing tall  
**F** **Dm**  
I ve been doing all of that, it didn t help at all  
**Bb** **C**  
They say You ll grow older, and it ll get better still  
**F**  
Yes, I will, but no it won t  
**Dm**  
They don t get it, cause...

[Chorus]

**Bb**  
You re not there  
**C**  
To celebrate the man that you made

**F**

You re not there

**Dm**

To share in my success and mistakes

**Bb**

Is it fair?

**C**

You ll never know the person I ll be

**F**

You re not there

**Dm**
