Love In A College Town

**C** **F**  
Girl I ll be over there with my buddies drinkin beer  
**Am** **G** **F**  
If you need me, come and get me When you hear our song  
**C** **F**  
In a little while When you re ready shoot me that smile  
**Am** **G** **F**  
That way I ll know, that its time to go, you got your buzz on

Chorus:

**F**  
We won t ever look as good as we do now  
**C**  
So let s take another shot, drink another round  
**F** **F/D**  
Hug on one another, talk about each other  
**Am** **G** **F**  
Stay until they kick us out  
**F** **C**  
Nothin like love in a college town

All the rumors fly, did you hear who hooked up last night  
Thought she was all about, cause all she talked about was some old boy back home  
There s old what s-his-name, he just can t seem to graduate  
Hittin on the new crop, buyin em lemon drops, man that s just wrong

Chorus

Bridge:

**G**  
I m gonna fail this test, thinking bout your dress  
**F**  
Layin on my floor, runnin out the door  
**Am G F** **G**  
8.8 BAC, that sounds good to me

Chorus

Gotta love love in a college town
