Capo 1

I like to play **Bm** like **Bm7** (X24232) but that is just a preference

[Intro]

**G Bm C Am**

[Verse]

**G** **Bm**  
She had a cross around her neck and a flower in her hand  
**C** **Am**  
That I picked from the side of Thomas Drive on our way to the sand  
**G** **Bm**  
We found an old wooden chair still warm from the sun  
**C** **Am**  
Pushed it back, gave me a kiss with Bacardi on her lips and I was done

[Chorus]

**G** **Bm**  
And we spent that week wide open upside down beside the ocean  
**C** **Am**  
I didn't know where it was goin' just tryin' to keep my heart on the tracks  
**G** **Bm**  
I should've known that kind of feelin' would last longer than that week did  
**C** **Am**  
Blown away and barely breathin' Sunday came and it was over  
**C** **G**  
Now she's got me twisted like an old beach roller coaster
