I like to play **Bm** like **Bm7** (X24232) but that is just a preference

[Intro]

G Bm C Am

[Verse]

G **Bm**
She had a cross around her neck and a flower in her hand
C **Am**
That I picked from the side of Thomas Drive on our way to the sand
G **Bm**
We found an old wooden chair still warm from the sun
C **Am**
Pushed it back, gave me a kiss with Bacardi on her lips and I was done

[Chorus]

G **Bm**
And we spent that week wide open upside down beside the ocean
C **Am**
I didn't know where it was goin' just tryin' to keep my heart on the tracks
G **Bm**
I should've known that kind of feelin' would last longer than that week did
C **Am**
Blown away and barely breathin' Sunday came and it was over
C **G**
Now she's got me twisted like an old beach roller coaster
