Atmosphere
Luminate

Hey guys. This is my first tab.   Email me (napeister@roadrunner.com) if you catch any
mistakes, but I m pretty sure this is correct.

Standard tuning
No capo

Play the **G#** like this: 320013
Play the **F#** like this: X33210
You can play F and G normally in the chorus, whatever you think sounds best.

Intro:**C# G# Bbm Eb**

Verse: **C#**   **G#**
        Somethings changing in the atmosphere

        Bbm   **F#**
        I can feel it, you are near

        C#   **G#**
        I feel weightless, in this place

        Bbm   **F#**
        I am lost, in your embrace

        C#   **G#**
        Somethings changing in the atmosphere

        Bbm   **F#**
        You re near, You re near

Chorus: **C#**   **G#**
        You ve opened up my eyes

                    Bbm
        To your glory lord

                        F#
        I ve tasted and I ve seen,and now I want more

        C#   **G#**   **Bbm**
        I stand here amazed, I m falling on your grace

                        F#
        I ve tasted and I ve seen

                    C# G# Bbm F#

```
          Now I want more

Verse 2:  C#                              G#
            Somethings changing in this heart of mine

          Bbm                         F#
          Chains are breaking as you redesin

          C#                 G#
          I am yours, I m in your hands

          Bbm                     F#
          I give my life, and i take your plans

          C#                              G#
          Somethings changing in the atmosphere

          Bbm                 F#
          You re near, You re near

          Chorus

Tag:      G#                              C#
          Something s changing in the atmosphere

          Bbm                 F#
          You re near, You re near

          Chorus x2

          End

Thanks guys. Hope you enjoyed it. God Bless (:
