

**Free Chilly**  
**Lupe Fiasco**

**F**

If we could break down those walls

**G**

to set you free,

**Am**

We would, cause we out here

and we miss you...

**F**

If we could build a ladder that tall

**G**

to come up and see you,

**Am**

We would, cause we down here

and we miss you...

Whole thing 2x
