Sounds of the summer, day and go wise

D/F#
Cold wind blowinâ€™ through a city on fire
Em7
Moments of the past, came here to find you
Cadd9
Not to relive them, just to remind you

[John Legend]
Take to that old familiar place
Take me to memories we wonâ€™t erase
Take me to all that we had
Good and the bad

Iâ€™ll never forget you
Iâ€™ll never let you go
Iâ€™ll never forget you
Iâ€™ll always remember, I hope you know

[Lupe Fiasco]
And let the evidence show, the futureâ€™s so bright
Itâ€™s never been more, not like tonight
We walk into the glow, right into the light
The past all around us, the time of our life
The first love kisses, the broke heart disses
This is just like a first-class ticket
Back, to the first written rap
The crumbled-up paper and the pen with no cap
The hand-me-down clothes and the unturned hat
The hookers on the corner and the kids sellinâ€™ crack
The needles in the yard where we used to play catch
Stories from the project we could never go at
Or to, these are shades of my youth
Trials of a child, everything truth
Moments of the past, cominâ€™ back to find us
Not to relive them, just to remind us

[John Legend]
Take to that old familiar place
Take me to memories we wonâ€™t erase
Take me to all that we had
Good and the bad

Iâ€™ll never forget you
Iâ€™ll never let you go
Iâ€™ll never forget you
Iâ€™ll always remember, I hope you know

[Lupe Fiasco]
Everything cherished, remembered in my heart
So you will never perish, you will never part
I tell â€˜em all about you, drumminâ€™ in the park
We put you in the ground, but I see you in the stars
Goâ€™n, take a bow, a round of applause

The best that ever, always ready we are
Love always shines, that's how I'll find you
In case you forgot, I hope this reminds you

[John Legend]
Take to that old familiar place
Take me to memories we won't erase
Take me to all that we had
Good and the bad

I'll never forget you
I'll never let you go
I'll never forget you
I'll always remember, I hope you know
