

Old School Love
Lupe Fiasco

Old School Love - Lupe Fiasco ft. Ed Sheeran
Brilliant song, here are the chords, quite repetitive

F C Bb
Give me that old school love right now
F C Bb
You know that only you and me alone...

[Hook x2: Ed Sheeran]

F C
As long as I m here
Bb
As long as you love me
F C Bb
Give me that old school love right now

[Verse 1: Lupe Fiasco]

F C Bb
Give me that late 80s early 90s old school
Feeling like my second album, so cool
F C Bb
Chirag summer looking so cruel
Look shorty in the eye, told me it was no rules
F C Bb
Went to speak but was like never mind
Let my mind just sneak back to a better time
F C Bb
When I was his age and if he s ever mine
Thinking he would only think back to this and never find
F C Bb
Better times to think back to when it comes
And he s older in the presence of somebody young
F C Bb
Telling him the same things that he told me
And he reacts the same way as that OG
F C Bb
But it s old school, it s like 03
And this old man is my old me
F C Bb
Takes a long time to happen so fast
To realize that your future is somebody else s past
Wassup...

[Hook x2]

(carry on the F C Bb Bb throughout the song)

[Verse 2: Lupe Fiasco]

Analog black vinyl spinning sounding so good
Top down, can't be a classic if it's no wood
If you don't know what, then you new school
Floor model is the foundation for your YouTubes
Model flows off of Fat Boys and Juice Crews
Melle Mel's, Ice-T's, and the 2 Cools
Add a Moe Dee and a Double L
Had to walk cause it's hard to run in those unbuckled shells
One microphone and a couple 12s
Six drum sounds and a couple bells
Is all you had to make a couple rails
And that's a track, and if you want it (eeeeeeeh)
You have to make it like that
Now what's one turtle to a couple snails?
Takes a long time to happen so fast
And realize your future is somebody else's past
Wassup...

[Hook x2]

[Verse 3: Lupe Fiasco]

Chirag summer looking so cruel
How can I reel-to-reel when there's Pro Tool?
I can't dig it at all because there's no tube
Fire when you speak but ain't no warmth in your vocals
Might have been a better rhyme then just never mind
If it's better with time then think in line
That you're going to be your nicest round your midlife crisis
If your life like Christ live your midlife like it's... Christ-like
Nigga I ain't psychic
I know it's all a cycle and everybody bike it
And France is enormous you're Lance with endorsements
But you might need a hand to enhance your performance
Consider this a kilogram of encouragement
Teach you how to sneak it past the enforcement
And when you get it through in a manner so cool
Remember to give a little nod to the old school
Wassup...

[Bridge: Ed Sheeran]

F C Bb
Give me your old school love right now
F C Bb
I'm leaving it all up to you darling, giving you everything you want
F C Bb
And give me that old school love right now
F C Bb
You know that only you and me alone...
