I got ladyfingers baby I got kidgloves Baby I got heart

If you need me to be sweet
then I can give you what you need
cause I know you never came first baby
I m so tired of my guns and my vanity
I d like to trade them in for some sanity
and I know it didn t come too easy
It didn t come easy to me either
from the freezer to believer in love.

Well I got ladyfingers baby I got kidgloves baby I got heart

I bet you didn t know that I could treat you right that underneath the armor there s another girl she s standing with a suitcase ready to run in case you re wondering why she s so quick to come and go why she s so quick to come and go she might be new she might be old she might be scared as hell

she might not be so bold she might not be so bold.
