FATE - LYDIA

great song, very easy to play, PLEASE RATE and enjoy!

Intro: **Em D C D**

It s just, it s just

Em

I can t seem to fall asleep these days

D

And you can t seem to stop digging this grave

C

Cause you were only eighteen at the time

D

And I was holding up these streets just fine

Come on, oh, come on

G

Em

Place me on your scene and lie fate

Well everything that you ever said to me

G

No, it wasn t just words

(No, it wasn t just words)

Em

D

But day after day after day I called out fate

Em

Oh, darling I ve been thinking about you

D

And you are thinking how much farther it was

It s filling up our lives

C

Don t you just see what s happened?

D

That we never stay away, come on

G

Em

Place me on your scene and lie fate

Well everything that you ever said to me

G

No, it wasn t just words

(No, it wasn t just words)

Em

But day after day after day I called out

G

(I can barely see the...)

Em

Place me on your scene and lie fate

(Staring at the scenery, wait til, just wait til)

Well everything that you ever said to me

G

No, it wasn't just words

(No, it wasn't just words)

(Staring at the scenery)

Em

Day after day after day I called out

G

(I can barely see the...)

Em

Place me on your scene and lie fate

(Staring at the scenery)

Well everything that you ever said to me

G

No, it wasn't just words

(No, it wasn't just words)

Em

(Staring at the scenery)

D

Day after day after day I called out fate

END.
