

## Knee Deep

Lydia

**Dm**                      **Am**                      **G**  
So I m knee deep in this summer creek  
**Dm**                      **Am**  
Washing everything away,  
**G**  
Just get it all away

**Dm**                                      **Am**  
Now you re looking all the same,  
**G**  
looking all the same,

**Dm**                                      **Am**  
But she ll never see,  
**G**  
Yeah she ll never see,  
All that wicked inside of me,

Chorus:

**Dm Am**

**G**  
Yeah everything I learned I ll soon forget it,

**Dm Am**                                      **G**  
You tell me I fucked up well I guess I did then,

**Am**                      **G**                      **F**  
Just take me back to that day...

Verse:

**Dm**                                      **Am**                      **G**  
Now she s waist deep in my summer sheets saying,

**Dm**                                      **Am**  
How about we go,  
**G**  
How about we go,

**Dm**  
So I ll just runaway,  
**Am**  
I ll just runaway,  
**G**  
Runaway from her,

So she don t see,

Hope she don t see,

All that wicked inside of me,

Yeah everything I learned I ll soon forget it,

You tell me I fucked up well I guess I did then,

Just take me back to that day...

**G Am**

So I take my time,

I don t want to wait,

I don t want to wait,

I don t want to wait,

**G Am**

So I take my time,

But if you stay it might get cold,

**Dm Am**

**G**

Just take me back to that day,

**Dm Am**

Yeah everything I learned I ll soon forget it,

**Dm Am**

**G**

You tell me I fucked up well I guess I did then,

**Dm Am**
