I Know Places - Lykke Li

Tabbed by: Stubbgubben

Tuning: Standard

Here s the chords for one of the exceptionally good songs off of Wounded Rhymes.
Thought
I d write them down for the sake of it.

It s simply three chords all the way through to the post-rockish ending.
Capo on third

G Am Em

Strum them with your thumb downwards and repeat as many times as needed.

Simple song, but still awesome.
