Stand atop the wishing well in the dark of the night.
Passing the time. Not a star in sight.
Not even one. Not one to make an empty wish on.
Cross my heart and hope to die. If I break apart with this lie.
The time keeps on passing but you remain the same.

D **G**
And your love still remains.

Dsus2 **Gsus2(300230)** **Em** **G**
I make a wish on a prayer as a tear falls down the well.
I never hear the fall. It s as if the wish was too tall.
I make a wish on a prayer. Hoping you re still there.
Don t give up on me now. Don t give up on my yet.

D **G**
Hindsight is always such a sight.
Inpredicting the weather and how things ought to be.
Send your rain and relieve me from this tongue twisted pain.

Chorus

D **B** **G**
I believed when they moved their lips. I didn t take my eyes off theirs.
All the right words and all the right convincing.
I closed my eyes and jumped in, spinning.

D **B** **G**
Prologue to the foreclosure of a heart.
I see you at the top of the well with open arms and a smile.
At the top of the well.
You re wishing me well.
