Stand atop the wishing well in the dark of the night.
 Passing the time. Not a star in sight.
 Not even one. Not one to make an empty wish on.
 Cross my heart and hope to die. If I break apart with this lie.
 The time keeps on passing but you remain the same.

E **A**

And your love still remains.

Esus2 **Asus2(300230)** **F#m** **A**

I make a wish on a prayer as a tear falls down the well.
 I never hear the fall. It s as if the wish was too tall.
 I make a wish on a prayer. Hoping you re still there.
 Don t give up on me now. Don t give up on my yet.

E **A**

Hindsight is always such a sight.
 Inpredicting the weather and how things ought to be.
 Send your rain and relieve me from this tongue twisted pain.

Chorus

E **C#** **A**

I believed when they moved their lips. I didn t take my eyes off theirs.
 All the right words and all the right convincing.
 I closed my eyes and jumped in, spinning.

E **C#** **A**

Prologue to the foreclosure of a heart.
 I see you at the top of the well with open arms and a smile.
 At the top of the well.
 You re wishing me well.
