

## Help Me Climb That Mountain

Lynn Morris

<http://www.lynnmorrisband.com/>

Bluegrass rhythm

**D**

I only know you well enough

**G**

**D**

To call you by your name

I don't know the way

**A**

**D**

To stop these tremblin' hands

Please, take me in your arms, Lord

**G**

**D**

And hold me for a while

**A**

**D**

I'm so tired, and want so much to understand

Chorus

**D**

Help me climb that mountain

**G**

**D**

I've been blind for way too long

Cleanse me in your fountain

**A**

Lord, I know that I've been wrong

**D**

I'm calling on you now, Lord

**G**

**D**

Please hear my song

**G**

**D**

Help me climb that mountain

**A**

**D**

And I'll be home before too long

**D**

Oh, the trials and the heartaches

**G**

**D**

They don't matter any more

And the price has never

**A**

**D**

been too great to pay

But if the road grows steeper

**G** **D**

I won't make it on my own

**A** **D**

I'll be lost among the fools along the way

Chorus

**D**

Help me climb that mountain

**G** **D**

I've been blind for way too long

Cleanse me in your fountain

**A**

Lord, I know that I've been wrong

**D**

I'm calling on you now, Lord

**G** **D**

Please hear my song

**G** **D**

Help me climb that mountain

**A** **D**

And I'll be home before too long

**G** **D**

Help me climb that mountain

**A** **D**

And I'll be home before too long
