

Every Mothers Son
Lynyrd Skynyrd

Ok, this song is pretty simple, with some bends in the solos
I havent taken the time to figure out the last solo, so here it is (They used a
strat

ryhtym, a les paul for lead, and an acoustic)

(#)=artificial harmonic

rb=release bend

(h)=hold note

Note, in the first solo with the 7b9r7 it is like bend+release and bend and
release in

same note, if that makes any sense. It is very hard to tab out with all the
bends, i may

a youtube video demonstrating this in the future.

The chord progression goes

G-D-C-D

This alternates ever other time

So first time,

(slide up 2 frets)

```

|-3-3-----2-----0--0--0--0-----0--0--0--0-|
|-3---3-----3-----1--1--1--1s3--3--3--3--1-|
|-0-----2--2-----0--0--0--0-----0--0--0--0-|
|-0-----0--0-----2--2--2--2--2s4--4--4--4--2-|
|-2-----3-----3--3--3--3s5--5--5--5--3-|
|-3-----|

```

Then next time...

```

|-3-3-----2-----0--0--0-----|
|-3---3-----3-----1--1--1-----|
|-0-----2--2-----0--0--0-----0-----0-|
|-0-----0--0-----2--2--2--2-----0h2---0h2h4---|
|-2-----3-----3--3--3-----|
|-3-----|

```

In place of the little fills (like the slide up on the c), you play D

First Solo

(release)
