

**Need All My Friends**

**Lynyrd Skynyrd**

Not a very well known song, but in my opinion, one of their best tunes.

INTRO AND VERSES

CHORUS

D(pm)C(pm) D D, D, C, G, G, C(pm)D, D, D, C, G, G,

need all my friends to.... talk to...

D... let it ring... then back to the verse.

The solo is really good and I wouldn't be able to tab it if my life depended on it...

i would appreciate if someone else did! But at least I've tabbed the main parts of the

and plus they are played during the solo stuff... so you can easily play this and it would be fine.
