Here are the words:

Every time I think I ve had enough of you

I take you back again

Not because I need a friend

Just because I can t pretend

Like the others do

You think you re really serious

Clever and mysterious

Talking like you re dangerous

Talking like a fool

Every day there s someone else who wants to get with me

I m telling you
If you know what s good for you
Treat me like you used to do
Love me like before

Cos all I can do is watch and wonder
Where the boy I know has gone
You say that you want me, well it s
Time to tell your friends where they belong

You can find it in your heart
Give a little love
Have a little faith
In the two of us
You can find it in your soul
Give a little love
Have a little faith
In the two of us

Cos all I can do is watch and wonder
Where the boy I know has gone

Little boy I don t want anything to do with you
Get on your knees
I m the one you have to please
Not the one s you want to be
I don t think your cool

Cos soon you can only watch and wonder
Where the girl you knew has gone
And then you will realise that everything you
Did to me was wrong

Chorus

Cos all you can do is watch and wonder
Where the girl you knew has gone

And do you really want to lose a friend
You gotta understand or it has to end
Cos I don t wanna wait for you anymore
Can t take it anymore

Chorus x3
