

Love Lost
Mac Miller

this is my first so i hope you like it:)

C#M C#M/A E play them straight out

(our love was lost)
Whereâ€™d ya go, what you do?
how the hell you make me fall in love with you?
(but now we found it.)
You lay with me, now your gone.
All i got is this damn song
(and if you cross your heart)
So i can feel, but i cant touch
You said my love was a bit too much
(i wont deny it)
Broke my heart cant find no crush
So why dont you come on back home?

Im a fuckin workaholic with a passion in my heart
treatin rappin as an art which you have to be a part of
I just copped a new car to hear it start up
try to do the right thing, and* please karma
all i want to know is where the fuck did you have to go?
Iâ€™ve been waitin on you baby why dont you leave and come on home
I cant be mad im livin my dream, ive been all around the globe
but you said you think you love me, you need to let me know
so ive been fucking all these hoes, and ive been blowin all this cash
And baby this just the beginning, ima make all of it back

Its all good everybody tryin to eat tonight
tryna go to sleep, have good dreams tonight
you go home, it might get better

all i know: It dont last forever
so take it while you got it try to get a little more
they say im gettin better than i ever been before
well thats for sure, tell em what i do
rap, keep me fed like a spoon gettin soup
ive been out here on the road, now they missin me at home
all these ex girls that i used to know are hittin up my phone
but i aint here, i guess you cant call back
sex, drugs and rock and roll, i think ill take all that.
