```
Fm                                G#
I m sitting in the empty black. The last slivers of dusk have passed
Bb                                  C
Accept the dawn to ease the fear. One day I will not be here
Fm                                        G#
Death she comes and with her thread. Upon me ties a mask for dead.
Bb                                  C
Tears of blood begin to seep. Bleed the sky.

The shades of night, Descend!
```

Descend the shades of night
C#               G#
Death shines her golden light
C#               G#
Across a blackened sky
Bb                                  C

```

Fm G# Bb C (x2)

```
Fm                                G#
Ashen clouds obscure my brain. Doubts begin to turn to shame
Bb                                  C
Insecureness tears at bliss. I hate me for this weakness
Fm                                        G#
Faith drives me to carry on. And take the road less travelled on
Bb                                  C
Resentment swallowed means to drown. The poison down

The shades of night, descend!
```

REPEAT CHORUS

```
Fm                    G#              Bb              C
