WHATCHA GONNA DO - Mad Caddies

I thought I would tab this song because no one else has. It is a great song by an awesome band and is wicked easy to play. The first verse is strummed and the rest of the song is played with a reggae strum pattern (down-stroke, then up-stroke). The chords are 100% correct; you just need to get the strum pattern down, which is wicked simple if you listen to the song, and then you're golden!

Tuning: Standard

Intro: F# (Strum once)
