Something Beautiful
MADELINE

VERSE 1: **Am - Am/F - Am/C - Am/E**

I was lost,
But you found me
Drowning in
The never-ending
I just needed someone to findâ€|
Everything
Felt so empty
Till you came round
And showed me
Iâ€™m still aliveâ€|

PRE-CHORUS: **F - G - Am - G**

It s a feeling I won t fight
Didnâ€™t search for you that night
This could be something beautiful
Out a breath but oh so ready
Weâ€™re gonna run this town baby
This could be something beautiful
OH OH

CHORUS: **Am - C - F - G - Am - C - F - G**

This is something so beautiful
Something so unbelievable
Not everyone finds the
Love of their life but
I found something beautiful

VERSE 2: **Am - Am/F - Am/C - Am/E**

So confused
But itâ€™s so clear
Falling is
My only real fear
I just want you in my lifeâ€|
Everyone
Always told me
To have love
Your heartâ€™s gotta bleed
So I guess youâ€™re the knifeâ€|

PRE-CHORUS: **F - G - Am - G**

It s a feeling I won t fight
Didnâ€™t search for you that night
This could be something beautiful

Out a breath but oh so ready
Weâ€™re gonna run this town baby
This could be something beautiful
OH OH

CHORUS: **Am - C - F - G - Am - C - F - G**

This is something so beautiful
Something so unbelievable
Not everyone finds the
Love of their life but
I found something beautiful

OH OH

(REPEAT 3X)

OH OH

OH OH
