

**Devil Pray**  
**Madonna**

Verse I

**Am**        **C**            **G**            **Am**  
Take my sins and wash them away  
**Am**        **C**                            **E**  
Teach me how to pray  
**Am**            **C**            **G**                    **Am**  
I ve been stranded here in the dark  
**Am**            **G**            **Am**  
Take this walls away  
**Am**            **C**            **G**            **Am**  
I ve been swimming in the ocean  
**Am**            **C**                            **E**  
Till I ve almost drowned  
**Am**        **C**            **G**            **Am**  
Give me something I can believe in  
**Am**        **G**            **Am**  
Teach me how to pray

Pre-Chorus

**Am**            **C**                            **G**                            **Am**  
And we can do drugs and we can smoke weed and we can drink whiskey  
**Am**                            **C**    **E**  
Yeah we can get high and we can get stoned  
**Am**                            **C**                            **G**                            **Am**  
And we can sniff glue and we can do **E** and we can drop acid  
**Am**                            **C**    **E**  
Forever be lost with no way home

Chorus

**Am**                            **C**  
Yeah we can run and we can hide  
**G**  
But we won t find the answers  
**Am**            **Am**                            **C**                            **E**  
If you go down then you ll get help along the way  
**Am**                            **C**  
But if you wanna save your soul  
**G**                            **Am**  
Then we should travel all together  
**Am**            **G**            **Am**  
And make the devil pray  
  
**Am**                            **Am**  
(ooh save my, ooh save my)

**Am**                      **G**                      **Am**  
 (ooh save my), The devil s here to fool ya  
**Am**                      **Am**  
 (ooh save my, ooh save my)  
**Am**                      **G**                      **Am**  
 (ooh save my), The devil s here to fool ya  
**Am**                      **Am**  
 ooh save my, ooh save my  
**Am**                      **G**                      **Am**  
 ooh save my, The devil s here to fool ya  
**Am**                      **Am**  
 ooh save my, ooh save my  
**Am**                      **G**                      **Am**                      **Am**                      **Am**  
 ooh save my, The devil s here to fool ya

## Verse II

**Am**              **C**              **G**                      **Am**  
 Mother Mary, can t you help me  
**Am**              **C**                                      **E**  
 Coz I ve gone astray  
**Am**              **C**              **G**                      **Am**  
 All the angels that were around me  
**Am**              **G**              **Am**  
 Have flown away  
**Am**              **C**                      **G**                      **Am**  
 The ground beneath my feet s getting warmer  
**Am** **C**                                      **E**  
 Lucifer is near  
**Am**              **C**              **G**                      **Am**  
 Holding on but I m getting weaker  
**Am**              **G**              **Am**  
 Watch me disappear

## Pre-Chorus

**Am**                      **C**                      **G**                      **Am**  
 And we can do drugs and we can smoke weed and we can drink whiskey  
**Am**                      **C**                                      **E**  
 Yeah we can get high and we can get stoned  
**Am**                      **C**                      **G**                      **Am**  
 And we can sniff glue and we can do **E** and we can drop acid  
**Am**                      **C**                                      **E**  
 Forever be lost with no way home

## Chorus

**Am**                      **C**  
 Yeah we can run and we can hide  
**G**  
 But we won t find the answers  
**Am**                      **Am**                      **C**                      **E**  
 If you go down then you ll get help along the way

Am C  
But if you wanna save your soul  
G Am  
Then we should travel all together  
Am G Am  
And make the devil pray  
  
Am C G Am  
Oo-o-oo Sing hallelujah  
Am C E  
oo Save my soul  
Am C G Am  
Oo-o-oo The devil s here to fool ya  
Am G Am  
Until my story s told
