PHYSICAL ATTRACTION
madonna

CAPO 3rd fret!!!
VERSES & CHORUS: **Am, F, G, E, C-Bm**
BRIDGE: **F, F, G, G, A, G, (E)**

Am **F**
You say that you need my love
G
And you re wanting my body
Em C B
I don t mind
Baby all I ve got is time
And I m waiting to make you mine
You say want to stay the night
But you leave me tomorrow, I don t care
All of your moves are right
We can take it anywhere

CHORUS:
It s physical attraction
A chemical reaction, ooh
It s a physical attraction
It s a chemical reaction, yeah

Trying hard to get away
But I can t seem to fight the way I feel
Even if you re not for real,
Your touch is driving me
Crazy and when you smile
It s just making me want you more and more
Baby won t you stay awhile
It could be such a fantasy

CHORUS:

It s physical attraction
A chemical reaction, ooh
It s a physical attraction
It s a sweet satisfaction, yeah

BRIDGE:

F **G** **A**
G
Maybe we were meant to be together
F **G** **A** **G**
Even though we never met before
F **G**
A **G**
We ve got to move it, for the sun is rising
F **G**

And you ll be walking slowly out the door
E
Out the door...

You re confusing me
Cause I don t know if you want me
But I know that I want you
And that s nothing to be ashamed of
What are you gonna do?
Well,
You say that you need my love
And you re wanting my body
I don t mind
Baby all I ve got is time
And I m waiting to make you mine
You say want to stay the night
But you leave me tomorrow, I don t care
All of your moves are right
We can take it anywhere

CHORUS:

It s physical attraction
A chemical reaction, ooh
It s a physical attraction
It s a sweet satisfaction, yeah

BRIDGE:

Maybe we were meant to be together
Even though we never met before
We ve got to move it, for the sun is rising
And you ll be walking slowly out the door
Out the door...

CHORUS:

Physical attraction
A chemical reaction, ooh

It s a physical attraction
It s a chemical reaction, yeah
Attraction (physical attraction...)
Reaction
So much satisfaction
Attraction
Reaction
So much satisfaction
It s a
a physical, a physical attraction
a chemical, a chemical reaction
(repeat & fade)
