Little girl

Don t you forget her face

Laughing away your tears

When she was the one

Who felt all the pain

**G**

Little girl

Never forget her eyes

Keep them alive inside

I promise to try

But it s not the same

Keep your head held high

Ride like the wind

Never look behind

Life isn t fair

That s what you said

So i try not to care

**G**

Little girl

Don t run away so fast

I think you forget to kiss

Kiss her goodbye

Will she see me cry when i stumble and fall?

Does she hear my voice in the night when i call?
