

**Higher**  
**Madrugada**

Title:Higher  
Band:Madrugada  
Album:Industrial Silence

This is how i play higher on a classical.  
i think it is quite accurate,listen carefully to get the right rhythm

**Em** (022000)  
**F#m** (244222)  
**Am** (x02210) or (57755x)  
**C#** (x4666x)  
**B** (x24442) or (79967x)

i think it is best to play the second Am and Bm chord in (go honey...) cos it is easier

**F#m** **Em Am** **F#m** **Em Am**  
Higher , there s no need to come down  
**F#m** **Em** **Am** **F#m** **Em Am**  
Arising through the other ground  
**F#m** **Em** **Am** **F#m** **Em Am**  
These people , these people don t mean a thing  
**F#m**  
But don t you think it s funny  
**Em** **Am** **F#m** **Em Am**  
That now they get to hear me sing

We ll try this  
We ll try this and see if it works  
I want you just like that  
Just like I  
Always had you  
Well, if it doesn t work  
Then what we need is another try  
When I m like this  
It strikes me: I m the only one that knows you

**B** **F#m Em**  
So long, when will these hands be free  
**B** **C#**  
Throw life into these spinning heads

**F#m Em Am**

Oh, higher  
There s no need to come down  
Arising through the other ground  
This song, this song is the same as always  
Anyway I wanna shape it  
Such a diamond, such a holiday  
So long, when will these hands be free  
Throw life into these spinning heads

F#m Em F#m Em Am B (just follow the bass..i think it sounds good)

Go honey,be a holiday  
Go honey,be a holiday  
Go honey,be a holiday  
Go honey,be a holiday

Outro:

**F#m F#m F#m Em F#m F#m , C# C# C# B C# C#**

this is it
