Gm

So am I

A#

Good or bad

F

The way that things did turn out

Cm

Gm

I did only make you sad

Gm

And we cried and we cried

A#

On the phone

F

Oh but in my mind

Cm

Gm

You were never that all alone

F

Oh you were majesty

Cm

Your roads were heavy

Gm

And your longing was cutting through bone

So am I

Am I good or bad

Could only awake your anger

I could only make you mad

Now was that how you showed me

That you were still so young and bold

Anyway those fights did drive me

And I was dying of thirst and I wasn't growin' old

Oh you were majesty

Your ropes were heavy

And your roads were very cold

Oh, oh, oh majesty

But in my mind

I could still climb inside your bed

And I could be victorious

Still the only man to pass to the glorious arch of your head,
o-oh

Oh you were majesty
Your ropes were heavy
And your cheeks were very red

Oh you were majesty
And it s like I said
That spirit, is now dead

Oh, oh, oh Majesty
