Unsubstantial Blues " Magdi Ruzsa <http://www.rmfc.hu/>

G **Bm**
How many times have you fooled me and denied that
C **G**
It s her whom you love, and it sure isn t me?
G **Bm**
So now that it s over, I ll try and take it sober
C
Leave questions unasked,
Bm
Remember us laughing at the broken past
C **G**
God if I could make it on with out you
Bm **C** **C7**
You re such a casual man, oh wavin an empty hand
D **G**
I m helpless and I m lonely without you
Bm **C**
Yes, you re a casual man, lendin an empty hand
D **D7** **G**
Left me breathless with nothing more to lose

I used to dream that we d take it nice and easy
Get jobs, settle down in Jameson Town.
Now if you could see me, you d think twice about leaving
C **C7** **D**
Y said forever is the time you re gonna spend around

G **Em**
So why " why did you leave me?
G7
And why should I believe it?
C(7)
Y said goodbye
Em
Oh why, did you leave me?
G7
Say why?

You re such a casual man, oh wavin an empty hand
I m helpless and I m lonely without you
You re such a casual man, lendin an empty hand
Left me breathless with nothing more to lose
