

Knocking On Your Heart

Dm
Nothing makes it hard to breathe
F
Like being in your company
C **Am**
When you've got someone new around your arms
Dm
I thought I'd be over it
F
To see you lock with other lips
C **Am**
I guess I'm just no good at moving on

Dm
I always tried to tell myself
F
That I'd fall in love with someone else
Am **C**
But oh, my stubborn heart is set on you
Dm
And every night I fall asleep
F
Just so I can see you in my dreams
Am **C**
And now, I think you ought to know the truth

Dm
Are you listening
F **C**
I'm knocking on your heart, could you let me in?
Am **Dm**
Tell me I'm the one, and I've always been
F **G**
Cause I don't wanna wonder if we'll ever meet again
Am **Dm**
I'm knocking on your heart, could you let me in?

Dm **F**
When you left I made you swear our love would last, no matter where
C
And we would call each other every night
Dm **F**
But nights turned into weeks turned into months, we didn't speak
C **Am**
And so, we lost our sense of love over time
