Em **D**
I guess I finally got it right

Am
You called me up on a moonless night

Em **D** **Am**
You used to know when I was almost gone

Em **D**
It always starts with one mistake and

Am
Picking up was all it take

C
But this time you had me waiting too long

G **D**
Cause I m lonely, but baby that s just heartbreak

Am
And it ain t gonna kill me

C
As long as I don t let you back for one last round

G **D** **Am**
There s places only you can take me, I used to think you ll save me

C **Em** **D** **Am**

Em **D**
If you d have called the other day

Am

Em **D** **Am**

But Heaven sent a little grace and I woke up in a different place

C
