 B E
It s been a while, and I ve been alone
 B F#/A# E
and you ve been the only thing I ve known
 B E
Born in the South, at home in the North
 B F#/A# E
We could be anywhere you want

 B E
Now you re taking me down where you grew up
 B F#/A# E
I wish I had known you when we were young
 B E
You figured me out, I know I ve said it enough
 B F#/A# E
but waiting is just too much

 E B
So cover my skin with your sunkissed light
 E B F#/A# E
There s a bonfire burning tonight
 B
We could be all right
 E B F#/A# E
Evaline, Evaline, Evaline, Evaline

(E B E B F#/A# E B)

 E B F#/A# E
Evaline, Evaline, Evaline, Evaline

 B E
Picture it now, down the road
 B F#/A# E
Oh just say the word and I ll go
 B E
Wherever you are, whatever the coast
 B F#/A# E
You are the one I care for the most

 B E
Remember the night we slept on the roof?
 B F#/A# E
I didn t sleep much to tell the truth

B E
Now we re the sand caught in the tide

B F#/A#
We laugh until we cry

E B
Won t you cover my skin with your sunkissed light

E B F#/A# E
There s a bonfire burning tonight

B
We could be all right

E B F#/A#
Evaline, Evaline, Evaline, Evaline

(**E B E B F#/A# E B**)

E B F#/A#
Evaline, Evaline, Evaline, Evaline

(**E B E B F#/A# E B E B F#/A#**)

E B
Pull me closer, hold me tighter

E B F#/A#
The nights are long but the stars are brighter,

E B
Pull me closer, hold me tighter

F#
Take me down, take me down, take me down

E B
Won t you cover my skin with your sunkissed light

E B F#/A# E
There s a bonfire burning tonight

B
We could be all right

E B F#/A#
Evaline, Evaline, Evaline, Evaline

E B
Cover my skin with your sunkissed light

E B F#/A#
Won t you cover my skin with your sunkissed light

E B
Won t you cover my skin with your sunkissed light

E B F#/A#
Evaline, Evaline, Evaline, Evaline

(**E B E B F#/A# E B**)

Evaline, Evaline, Evaline, Evaline
