

**Am**                    **F C**            **G Am**  
I feel it in my core, my core  
**F C**            **G Am**  
My core, my core

[Verse 2]

**F**  
  
**C**                            **G**                    **Am**                            **F**  
And I know they say, never let go of the past ol pain  
**C**                            **G**                            **Am**                            **F**  
And I know they say, life is a little too short to waste  
**C**                            **G**                            **Am**                            **F**  
And I know I say, I don t give a damn about what they say  
**C**                            **G**                            **Am**  
Cause luck can change even the brightest smiles

[Pre-Chorus]

**F**                            **C**                            **G**  
Cause I don t wanna give up any more  
**F**                            **C**                            **G Am**  
Even though you re standing at the door  
**F**                            **C**                            **G Am**  
I m saving numbers, never know for sure  
**F**                            **C**                            **G**  
Darling, I just feel it, feel it

[Chorus]

**Am**                            **F C**  
I feel it in my core  
**G Am**            **F C G**  
My core, my core  
**F C**            **G Am**  
Just like I did before, before  
**F C G**  
In my core  
N.C.  
Don t give up now

[Post-Chorus]

**F C G Am**  
**F C G**

[Bridge]

**Am**                            **F C**  
Said I feel it in my core, my core  
**G Am**  
My core (don t you walk out the door)
