

**More Of You  
Magic**

[Verse 1]

**C** **Em**  
I stare at you, sometimes at night  
**F**  
Wishing I could just press rewind  
**C**  
Cause I just want more  
**Em**  
I get confused, sometimes my skin  
**F**  
Can t tell where yours stops and mine begins  
**C**  
In anything, and I just want more

[Chorus]

**Em**  
More of your days  
**F**  
More of your nights  
  
More of your wrongs  
**C**  
More of your rights  
**Em** **F**  
Whatever you got, I ll take two  
**G** **Am C F**  
I just want more, more of you ooh  
**Am C F**  
More of you ooh

[Verse 2]

**C** **Em**  
What is this hold you got on me?  
**F**  
Stronger force than gravity  
**C**  
Cause I just want more  
**Em**  
Cause I could spend centuries beside you, behind you  
**F**  
Inside you, forever love  
**C**  
It s not enough, I just want more

[Chorus]

More of your days **Em**  
More of your nights **F**  
More of your dark  
More of your light **C**  
If you had a clone, I would love her too **Em F**  
I just want more, more of you ooh **G Am F C**  
More of you ooh **Am F C**  
**G Am F C (x2)**

More of your days **C Em**  
More of your nights **F**

I just want more, darling, more of you **C**

[Chorus]

More of your laughs **Em**  
More of your cries **F**
