In anything, and I just want more

More of your days

More of your wrongs

More of your rights

I just want more, more of you ooh

[Verse 2]

C
What is this hold you got on me?

Stronger force than gravity

Inside you, forever love
F
It s not enough, I just want more

[Chorus]

More of your days
More of your nights
More of your dark
More of your light
If you had a clone, I would love her too

[Bridge]

More of your days
More of your nights
More of your dark
More of your light
Whatever you got, darling give me two
I just want more, darling, more of you

More of your laughs
More of your cries
More of that wisdom
That lives in your eyes
In my next life, I ll be looking for you
Cause I just want more, more of you ooh
More of you ooh
More of you ooh
