

**Wait For Me**  
**Magica**

Wait for me  
MAGICA

**Bm**  
Whatever happened  
**A** **D**  
I still don't understand  
**F#**  
yet I am falling  
**Bm**  
I walked the right way  
**A** **D**  
The righteous path I planned  
**C#**  
But In vain -

**A** **E**  
Cause the world is eaten by monsters

**Bm**  
Broken to pieces, can't be repaired

**A** **E**  
I know cause I've tried

**A** **E**  
I beg you my savior

**C#**  
My guardian angel

**D** **E**  
Take me by your side

**A**  
Wait for me

**C#**  
please would you wait for me

**D** **E**  
cause i am lost in this side of the world

**A**  
Wait for me

**E**  
please would you wait for me

**Bm** **D**  
all my dreams are shattered and gone

**E** **A**  
would you take me home

**A**  
It didn't matter

**Bm**                    **D**  
If my intentions were good

**F#**  
Don t cross them

**Bm**  
I am now hunted

**A**                                    **D**  
make sure you understood

**C#**  
you are lost

bridge again...chorus..u figure out the rest
