Maisie Peters

[Intro]

A G#m G D

[Verse 1]

A

Two months ago today

You had my heart on a plate

E

We ate takeout on your floor

I gave the world to you and more

G

But it took you a minute to rip us up in a minute

D

To say you re done with committing (committing, committing)

[Pre-Chorus]

A

And I lost my friends

Took your side

E

F#m

Had your back 'cause I thought you had mine

That was then

E

I was wrong

[Chorus]

A

E

So I hope that you find someone that you trust

F#m

And you give all your darkest secrets up

D

And then I hope she breaks your heart in two

Dm

Hope she does a you to you, to you, to you, to you, to you

[Verse 2]

A

I shouldn t be surprised

You re not the 'meet the parents' type

E

You said you needed me, you wanted to be with me

Just don't want your friends to see

G

You said I was different, but I wasn't different

D

And now I wish that I'd listened (listened, listened)

[Pre-Chorus]

A

And I lost my friends

Took your side

E

F#m

Had your back 'cause I thought you had mine

That was then

E

I was wrong

[Chorus]

A

E

So I hope that you find someone that you trust

F#m

And you give all your darkest secrets up

D

And then I hope she breaks your heart in two

Dm

A

Hope she does a you to you, to you, to you, to you, to you

E

I hope you give her everything you've got

F#m

And she tells you you're special when you're not

D

And then I hope she breaks your heart in two

Dm

A

Hope she does a you to you, to you, to you, to you, to you

[Bridge]

E

I know this song is bitter but my calls didn't get through to you

F#m

Blocked on both your phones, oh, look at that, I guess it's two for two

D

Calling me a psycho to our friends and that's not news to me

A

Wish it was but honestly, it's just so you

E

So I hope you think you've finally found the one

F#m

And then she fucks you over just for fun

D

Cause then maybe you'll realize what you do
