Verse 1:
```
              Bbm
What does it mean when it
        G#
doesn t shine like it
                    Fm F#
did when we were 18?
              Bbm
You were the trees that
          G#
kept the pouring rain from
                    Fm F#
falling down on me
        Bbm
And I know that it got cold
            G#
But I hung everything
                      Fm     F#
I owned along your limbs
```

Refrain 1:
Bbm(hold)
```
   Now my spit s dried
to the pavement
```
G#(hold)

```
   And my lashes are stuck
             C#/E(hold) F#
wet to their lids

Chorus 1:
        F#
You can click your heels
  G#           Bbm
until you wear holes in
              F#
the floor And realize that
G#                    Bbm
no place feels like home anymore
    F#         G#
So even if we find ourselves
C#/E            Bbm   G#
further than before
    F#
An empty fate is
G#              Bbm
just an even score

Post Chorus: F#-Fm-Bbm-G#- x2

Verse 2:
Bbm
  Commit or hate yourself
G#
  Bury in or break yourself
     Fm
It s coming loose or
          F#
never going home
    Bbm                 G#
We spent out better days alone
          Fm
With only gas receipts and
              F#
highway eyes to show

Refrain 2:
            Bbm(hold)
That there s nothing else
                 G#
that we could ever do

What comes and goes
               F#
always goes too soon
```

the floor And realize that

no place feels like home anymore
    F#          G#
So even if we find ourselves

further than before

An empty fate is
      G#              Bbm
It s just an even score
It s just an even score
```
