

Streetlights
Making April

My very first chord... Enjoy :)

{Intro}

G D D C
G D D C

{Verse 1}

G **Em**
So we drive at the fate of this deep phoenix sky
C
With its contents that keep me alive
D **G**
Incessantly breathing through the night
G **Em**
Till we crash with the white caps that ride on our backs
C
Breaking down on the sand of this western coast
D **G**
Where I never once thought we would stand

{Pre-Chorus}

D
But here we are now
Em **C** **D**
Riding currents that taste of a new town
G **C** **D**
Feeling high as the night's winding down
Em **C** **Em** **D**
And now all I can see are white stars they span forever

{Chorus}

G **D** **C**
As I lay by a streetlight not a word I could possibly say
G **D** **C**
To explain my intrigue by how emphatic we are just to be,

Em C D G Em C D
G
just to be

{Verse 2}

G **Em**
Now we run facing out at the southwestern sun
C
So content to be all so undone
D **G**
Cause here in these moments we have won
G
And I m sure that I ve imagined these sites
Em **C**
But I forget why I was never enticed to go out and try
D **G**
But tonight dream becomes life

{Pre-Chorus}

D
Cause here we are now
Em **C** **D**
Riding currents they taste of a new town
G **C** **D**
We re so high as the night s winding down
Em **C** **Em** **D**
Just a spot on the map of this land it spans forever

{Chorus}

G **D** **C**
As I lay by a streetlight not a word I could possibly say
G **D** **C**
To explain my intrigue by how emphatic we are just to be

{Bridge}

Em **D** **C** **G**
And I wont take a minute for granted
Em **D** **C** **G**
I wont waste another word
Em **D** **C**
These streets I would kill to be lost in

G **D** **D** **C**
G **D** **D** **C**

G **D** **C**
I lay by a streetlight as the summer air soaks in my lungs
G **D**

Cause I lay by a streetlight

D **C** **G** **D**
How impressive are we just to live and breathe in this world

D **C** **G** **D**
And how lucky am I to be so alive in this world

D **C** **G**
Oh how precious are we just to simply be in this world

G D D C
