

Town of rockn roll
Mallu Magalhães

(C Bb F)

Guido started running after fighting with mom
his feet are burning
now he s under sun without ceiling
and silent flying like that old feeling

Flanders walking home
kicking little stones
his feet are burning
now he s holding all his bones
and his guitar on his back

Dubble-Z woke up just to see his friends
He plays music as well and music never ends
In this town - the folk?n?roll town

[Verso]

(Bb F C)

Guido needed
a music miracle
he s new in town
in town of rock n roll

D-drums turned lights off
waiting for night to come
but they kept waiting
now the only star shining is the sun
and I guess the only one

Dubble-Z woke up
just to see his friends
he plays music as well
music never ends
in this town
the rock n roll town

[Verso]
