

**Town of rock'n roll**  
**Mallu Magalhães**

(C Bb F)

Guido started running after fighting with mom  
his feet are burning  
now he s under sun without ceiling  
and silent flying like that old feeling

Flanders walking home  
kicking little stones  
his feet are burning  
now he s holding all his bones  
and his guitar on his back

Dubble-Z woke up just to see his friends  
He plays music as well and music never ends  
In this town - the folk'n?roll town

[Verso]

(Bb F C)

Guido needed  
a music miracle  
he s new in town  
in town of rock n roll

D-drums turned lights off  
waiting for night to come  
but they kept waiting  
now the only star shining is the sun  
and I guess the only one

Dubble-Z woke up  
just to see his friends  
he plays music as well  
music never ends  
in this town  
the rock n roll town

[Verso]
