Doo Right
Man Man

```
G#          G#7
I wanna hold you
        Bbm                      Eb
til the mountains turn into sand
                            G#
Oh my god, what happened to all those days
                G#7
before we were bruised
                  Bbm
before we were cut loose
                    Eb
to drown in your wake

C#
I cant breathe underwater like i used to
          Eb
before i met you
```

Repeat until the end.

i, just cant remember
january, straight through december
my collective memories are in shambles
so are my scruples
i m outside your window
throwin bricks at the moon

i cant breathe underwater like i used to
 fore i met you
