C#

F# G#

I ll come around this time to lay it suck from my soul

(Riff)

Let me go

And I have time, those blinking lights

Controlled my sight and blinded me in spite

And I waited here for you (here)

I don t care, the salvaged prayer

But a dent so big comes once a few years

And again I m left to wait for you

And I don't know where I was going
I tried again to break you down for everyone's know
Crying, let me go back to my failures
And come around this time to stop and finally let go
Let me go!

(Ooooh oooooh)

Leaves are dead but I am here
Waiting on another good year
I hope we don't lose it all here

I tried once, I tried twice and I'm done
I am the once and irreplaceable son
I've got that rock and that roll
I've come around this time to set fire to your bone

I tried once, I tried twice, I am done
I am the once now and irreplaceable son
I've got that rock and that roll
I've come around this time to set fire to your homes
And let you go!
