a|--0---0---|  
E|-----|

Intro

**Am**

**C**                    **G**                    **Am**  
How I waited back on the corner  
**C**                    **G**                    **Am**  
for you to make me see straight again  
**C**                    **G**                    **Am**  
I could steal your heart and picture  
**C**                    **G**                    **Am**  
but i dont think its getting better

**F**                    **C**                    **Am**                    **G**  
you swore that you d be alright but you re not  
**F**                    **C**                    **Am**                    **G**  
you swore that you d be fine but you re not  
                  **F**                    **G**  
and im sorry about it  
                  **Am**                    **C**                    **F**                    **Am**  
but im just tired of wasting time

**C**                    **G**                    **Am**  
I killed another one tonight  
**C**                    **G**                    **Am**  
I cant stop myself from crying  
**C**                    **G**                    **Am**  
I killed another girl tonight  
**C**                    **G**                    **Am**  
just cant help myself anymore

**F**                    **C**                    **Am**                    **G**  
Youre dad swore you d be fine but he lied  
**F**                    **C**                    **Am**                    **G**

youre mom said stop calling nights, at least sometimes

**F**                    **C**                                    **Am**                                    **G**  
you re grades never looked as good as it does in the daylight  
**Am**                    **G**                                    **F**  
i m tired of wasting time  
**Am**                    **G**                                    **F**  
i m tired of wasting time

**Am**

**C**                    **G**                                    **Am**  
its october 22nd now  
**C**                    **G**                                    **Am**  
its been three days since i felt it  
**C**                    **G**                                    **Am**  
its october the 22nd now  
**C**                    **G**                                    **Am**  
its been three years since u left me

**F**                    **C**                                    **Am**                                    **G**  
you re dad swore you d be fine but god he lies  
**F**                    **C**                                    **Am**                                    **G**  
youre mom said stop calling nights andy, at least sometimes  
**F**                    **C**                                    **Am**                                    **G**  
you re grades never looked as good as it does in the daylight  
**Am**                    **G**                                    **F**  
im tired of wasting times  
**Am**                    **G**                                    **F**  
on a body that has no life,  
**Am**                    **G**                                    **F**  
on a rythm that has no rhyme  
**Am**  
tonight.
