Here s my favourite song on the new album. This should sound pretty accurate.
The only thing I m unsure of is whether or not there is a transitioning chord in
between G#m and Eb in the verse/intro.
Let me know if anything I ve done seems off.

F# **B** **Bbm** **G#m**
I don t have yours or mine

Eb
I don t hurt you like I used to

F# **B** **Bbm** **G#m** **Eb**
Amy, you must be tired cause when you sleep, you sleep alone

E
And understand the throne

B **Eb** **G#m**
If he didn t pay or he had paid I d undeniably become erased

Eb
So whatever you want
G#m **Eb**
Take whatever you need

E
And bite your veins

B
Bleed your pain

Eb
Into me

F# **B** **Bbm** **G#m**
Goddamn I m tired of lying

Eb
I wish I loved you like I used to

F# **B** **Bbm** **G#m**
So hold on, you pale black eye

Eb
Cause when I sleep, I sleep alone

Bridge:
G#m Eb x2
E Eb x2

G#m **Eb**
So whatever you want
G#m **Eb**
No, whatever you need

E
Take from me

B
Right from me

Eb
From me

Outro is just **G#m** and **Eb**.
